

## 10 HOT TIPS FOR TEACHERS

- Read the Test Instruction Handbook carefully before the testing days.
- Read the *10 Hot Tips for Students* with the class.
- Move around the room during the test to check on students.
- Check that students do not accidentally skip questions or pages.
- Only use the Student Participation Form for notes.
- Have erasers and scrap paper available.
- Have calculators available for the Year 7 & 9 Calculator numeracy test paper.
- Carefully print names and details on the front cover of blank books.
- Have a clock in sight and write remaining test time on the board.
- Cover up or remove specific teaching charts.
