

**DTAL Registered Practical Instructors
KATHERINE REGION**

Current as at:
26 August 2008

Student Information

- Please be familiar with your Road User's Handbook and DTAL logbook before you start driving, the more knowledge you have, the safer you are likely to be.
- Students may take a maximum of **two DTAL-funded lessons in any one week period**. On intervening days students are encouraged to practice what they have learnt with a fully licensed driver, or, alternatively, pay for additional professional lessons if so desired.
- Students must turn up for lessons they have booked. Failure to do so without notifying the instructor will cost one DTAL voucher on each occasion.
